## Dundas Minor Hockey Association

The DMHA recognizes that player evaluations and hockey tryouts can be a real challenge and brings with it a great deal of uncertainty both on the part of the players but also on the part of the association. Given the issues that arose last season including the number of players who attended it is clear that more preplanning would be appropriate. The purpose of this letter is twofold: first to gauge the intent of the membership with respect to competitive hockey next season and secondly solicit feedback on the existing programs. Letters of Intent and Program Evaluations will enable the league and its volunteers to be better prepared and organized for next season and ensure all future decisions continue to have a positive impact. The goal is to enhance the current programs and provide a consistent approach to all travel teams operating under the DMHA umbrella.

3. Will you require a "Permission to Skate" form for "AAA" tryouts? Yes No

- Players must be registered with the DMHA to get a permission to skate form.

Please Note:

- A letter of intent must be submitted prior to tryouts.
- The viability of all teams is subject to player interest and availability of ice and competent volunteer coaches.
- In the BB system midget hockey is split into two age groups: Major Midget (17 and 16 year olds) and Minor Midget (16 and 15 year olds).
