

Dundas Minor Hockey Association Program Evaluation

In an effort to evaluate and improve our programs we would like each family to complete the following survey. This survey is aimed towards improving communication and improving the hockey experience for the children of Dundas. We will also use the information as input during the coach selection process. We value your input and appreciate hearing from you.

Please circle your response to each of the questions below. Individual surveys will not be shared with coaches. Do not return survey to team personnel. Drop it off in the DMHA mail slot at the Market St Arena.

Team Name _____ Division _____

Program (circle one) HL Interlock Rep Coach's Name _____
